

I was born in France and left 28 years ago to come to Hong Kong, to this city that offers so much opportunity and so many wonderful experiences. Originally I came with my late husband with the sincere desire to share Latin American music with Hong Kong. My husband Cirilo Santos was a well known musician from Bolivia and together we toured the world playing instruments like the pan pipes from Peru and Bolivia.

I eventually formed my company which I named after the spectacular range of Andes Mountains in South America. Over the years I have had the privilege of traveling to many parts of the world from Cuba to Ukraine, all with the same purpose and that is to bring the best in authentic entertainment from around the world.

Along the way I have had the good fortune to meet people like the last British Governor of Hong Kong, Chris Patten and the former Chief Executive Mr. Tung Chee Wah in our business dealings. Most of all I enjoy dealing with the daily business of organizing entertainment for our many clients in Hong Kong and to be able to learn and to share the diverse cultural entertainment from around the world. A very important part of our company development has been our work with Ocean Park over the last 22 years. Andes Art Company Limited grows with Ocean Park to bring different entertainment during different carnivals, catering to clients' particular needs. In addition to our daily entertainment with the Park, our company has had a unique opportunity to grow and develop with our theme parties and expansion into dancing and circus acts.

Please take the time to learn about us through our website and we look forward to providing you with the best entertainment for your needs!
